Dear Claude Lawrenson,

Re: Registration under the *Private Career Colleges Act, 2005*

Thank you for completing the private career college pre-screening process to determine whether the following program(s) require approval under the *Private Career Colleges Act, 2005* ("the Act"):

- **Home Inspector**
(Cost: \$999.00, Duration: 480 hours)

The following class of programs are prescribed as programs that are not vocational programs under subsection 9(1) of Regulation 415/06 under the *Private Career Colleges Act, 2005*:

- **Programs for which a fee of less than \$1,000 is charged.**

Based on the information provided in your private career college pre-screening form, it appears that the above noted program as offered by your institution **does not require approval** under the Act, as the program costs less than \$1000. This decision is made on the assumption that the facts, as you have presented them, are comprehensive and accurate regarding the above noted program.

Please be advised that pursuant to section 1(2) of the *Private Career Colleges Act, 2005*, a fee in relation to a vocational program includes any fee charged by a private career college, including an application, administrative or tuition fee. The exemption is based on the assumption that the fee, as indicated in your pre-screening application, includes *all* fees charged to students, including tuition fees, cost of books, and any administrative charges and other compulsory or optional fees (e.g. uniform). If, at any time, your institution intend to charge a student a total fee of over \$1000 for this program, or you choose to bundle this program with another so that the total bundled

fee exceeds \$1000 the program may require approval under the *Private Career Colleges Act, 2005*.

Thank you again for your private career college pre-screening form.

Sincerely,
