

## ISS – Products

### Our Inspection Software

#### Add-ons for home inspectors

These products are designed and intended as add-ons to inspectors using 3D Inspection Report software. One is designed for inspectors performing pre-delivery new home warranty inspections (**New Construction Inspections**). It is based on the 3D software platform.

The other computer-based report system is designed for inspectors performing Building Condition Assessments – aka: **Commercial Building Inspections**. It is also based upon the 3D software system platform.

**NOTE:** These add-ons require **3D Inspection Report** systems software to work in conjunction with these products.

- The New Construction Inspection add-on is priced at \$100.00.
- The Commercial Building Inspection add-on is priced at \$250.00.
